

## WILL IMPROVE DIPLOMACY.

President Approves the Plan Urged by Knox.

Lo Board of Examiners to Pass on Applicants' Fitness.

Stiff Educational and Business Tests to Be Applied.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Dec. 5.—To improve the personnel and efficiency of the diplomatic service and to encourage secretaries of legations to qualify for promotion to the rank of minister, President Taft has approved a plan, announced by Secretary Knox, and he has ordered that the new project provides for a board of five examiners to pass upon all applicants for appointment as secretaries. Records of efficiency of all the undersecretaries will be preserved in the State Department and appointments from outside the service to secretarieships will be made only to the class of third secretaries or higher, or in case of higher vacancies, of second secretaries of legation or of secretaries of legation at posts which have assigned to them only one secretary.

PROMOTIONS BY MERIT. Vacancies in the list of secretaries of the higher classes in the future will be filled by promotion from lower grades, and efficiency and ability demonstrated in the service will be the basis of advancement.

All the secretaries in the future will be graded according to the importance or difficulty of other aspects of the work done at each mission, and these classifications will be made known to the service so that a man may know just where he stands. The examining board, to consist of the Secretary of State, the chief of the diplomatic bureau and the chief examiner of the Civil Service Commission, will determine the fitness of candidates designated by the President for examinations.

EXAMINATIONS ARE STIFF. The examinations will be held at Washington and will be both oral and written. Knowledge of the subjects will determine the fitness of the candidate: International law, diplomatic usage, at least one modern language other than English—French, German or Spanish; the natural resources of the United States; American history, government and institutions; and a general knowledge of modern history of Europe, Latin America, Asia and the Far East.

Candidates must be between 21 and 40 years of age. From the successful candidates, appointment lists will be made up, and from this will be chosen the number of candidates for the service, command of the service, and general education. A physical examination will be supplementary to the mental.

Yellowed years of age. From the successful candidates, appointment lists will be made up, and from this will be chosen the number of candidates for the service, command of the service, and general education. A physical examination will be supplementary to the mental.

## ANOTHER TIBURON MYSTERY.

Fears Felt for Safety of Arizona Party on Exploring Expedition to Cannibal Island.

(BY DIRECT WIRE TO THE TIMES.) EL PASO (Tex.) Dec. 5.—[Exclusive Dispatch.] Missing for a month on the island of Tiburón, in the Gulf of California, eight Americans and fifty Mexican soldiers are believed to have met the same fate as Prof. Tom Grindell, who was killed on the island several years ago, while heading an exploring party. The island is several leagues to the south of the Mexican Pacific Coast at Guaymas, and is inhabited by the cannibal Seri Indians.

Eight adventurous Americans recently organized at El Paso to explore the island and were given an escort of fifty Mexican soldiers. They set sail in a sloop from Guaymas over a month ago, to be absent twenty days, to make a rescue party of several regiments of soldiers to the island in a steamship or gunboat to investigate.

Americans at Nogales and El Paso are preparing to ask Gov. Torrey to send a rescue party of several regiments of soldiers to the island in a steamship or gunboat to investigate.

Americans at Nogales and El Paso are preparing to ask Gov. Torrey to send a rescue party of several regiments of soldiers to the island in a steamship or gunboat to investigate.

## SNOW WORSE THAN STRIKE.

Northwestern Railways Hampered by Blizzards.

Conditions Becoming Normal and Freight Mote.

Surplus Strike-breakers Are Being Sent West.

(ASSOCIATED PRESS NIGHT REPORT.) ST. PAUL (Minn.) Dec. 5.—The snowstorm strike situation has been complicated by cold and snowy weather, which has seriously affected traffic on the Northern Pacific and some parts of the Great Northern, according to statements issued by the general managers of those roads tonight.

General Manager Slade of the Northern Pacific said freight is more or less tied up all along the system on the coast and especially in Northern Minnesota and North Dakota. Passenger trains are being run with two engines. All trains from the North and West arrived from one to four hours late in St. Paul.

It is stated the Northern Pacific has all the men here that it needs, and that new arrivals are being shipped West.

General Manager Gruber said that the Great Northern had moved between sixty and one hundred cars of wheat into Minneapolis today, and that the freight was handled at the Minnesota transfer today for the first time since the strike began. He said heavy snowstorms at Sioux City, Grand Forks and Devils Lake and in Montana are interfering with traffic, and that the work of switchmen is necessary.

One hundred and fifty men arrived today from Chicago and St. Louis and most of them will be sent to western points.

President Hawley of the Switchmen's Union said he had received word from several sources in Minnesota that switchmen there are ready to strike on a moment's notice.

LOCAL FREIGHT MOVING. CONDITIONS IN MONTANA. (ASSOCIATED PRESS NIGHT REPORT.) HELENA (Mont.) Dec. 5.—The strike situation is unchanged here. Some local freight is moving. Three trains of coal are expected in tomorrow and this has allayed all fears of a fuel famine.

Eight strike-breakers went through Helena last night according to local sources. These, it is said, were bound for Spokane.

Passenger trains are running very fast but this is due, it is said, to road officials, to storm more than the strike.

CONDITIONS ARE NORMAL. SWITCHMEN HEAR SERMON. (ASSOCIATED PRESS NIGHT REPORT.) SEATTLE, Dec. 5.—According to the statements given out by the railroad men, the strike situation is normal. About been restored on the lines in the Pacific Northwest affected by the switchmen's strike. In Seattle, the Great Northern and the Northern Pacific began to move freight today regularly tomorrow, and that all restrictions placed upon the receipt of freight will be removed.

The striking switchmen continue confident and today stationed pickets around the yards to watch the men reporting for work. No demonstrations have been made.

This morning the switchmen went in a body to the First Presbyterian Church, where Dr. A. Matthews discussed the case to the court and the railroad men, arranging the railroads for placing an age limit upon the employment of men.

Nearly Full Force Working. TACOMA (Wash.) Dec. 5.—With the ending last night of the fifth day of the switchmen's strike the situation in Tacoma began to resume normal conditions. Thirteen switch engines were at work in the yards, two having been added during the day. The normal force is fifteen. The embargo on goods of all classes has been lifted.

THOUSANDS MORE MAY GO ON STRIKE. (ASSOCIATED PRESS NIGHT REPORT.) BUFFALO (N. Y.) Dec. 5.—Authority today a strike of all union switchmen between Buffalo and Chicago, such a course is deemed necessary, is vested in a committee of the union which will go to Chicago tomorrow to negotiate with general managers of the line, and to a settlement of certain demands.

A referendum vote to obtain the sentiment of the organization and to give the committee a free hand was taken during the time ago, according to General Vice-President Burt. The district east of Chicago includes not only Toledo, Fort Wayne, Detroit and other important points as far south as Pittsburgh, so that ranks of the strikers will be increased by between 15,000 and 15,000 men if negotiations at Chicago fail.

The demand to be submitted at Chicago will be for an increase of 6 cents per hour and time and a half for overtime exceeding a ten-hour day, double time for Sundays and holidays and a modification of the physical test. No men of these demands was sent to general managers of the lines in Chicago on November 6, so that the thirty

days' limit in which a reply must be made expires tomorrow.

But a telegram from President Hawley that the situation in the Northwest is satisfactory to union officials.

CHORUS GIRLS STRANDED. Too Many Knocks Killed 'Too Many Wives' Theatrical Venture Manager Too Generous?

(BY DIRECT WIRE TO THE TIMES.) DENVER (Colo.) Dec. 5.—[Exclusive Dispatch.] "Too Many Wives" got too many knocks and finished its career in Denver.

Fearful of financial loss if they continued further with a show which in Denver was unmercifully criticized for its vulgarities, Mittenhall Bros., owners of the show, closed with the performance at the Tabor last night. Thirteen chorus girls, practically penniless, were thrown on their own resources by the closing. They were told they would have to get back to New York the best way they could.

The history of "Too Many Wives" is one of hard luck throughout, according to members of the company. Unused to the hardships attendant on playing one night stands, Rose Weston, one of the chorus, became dispondent and committed suicide at Denison, Tex. A member of the company says that when Mittenhall Brothers decided to produce the show, they replied by wire: "Send the body to her mother if she wants it; no expense to us."

BROKE! ABDUL'S SOAKED GEMS FOR SALE. MOROCCAN CROWN JEWELS MAKE BRAVE SHOW.

Paris Pawnbrokers Will Dispose of Two Hundred Pounds of Jewelry to Satisfy Loan of \$250,000 to Deposed Sultan—Dance Crowds of Curious Throng Display.

(BY DIRECT WIRE TO THE TIMES.) PARIS, Dec. 5.—[Exclusive Dispatch.] Unless he should be able to redeem them at the eleventh hour, the jewels of the former Sultan of Morocco, Abdul El-Asis, will be sold at auction tomorrow to satisfy loans amounting to \$250,000 made him by Paris pawnbrokers.

For four hours today a great gathering of the curious-minded thronged the hotel where the collection was on exhibition. Every class was represented, from the wealthiest and most aristocratic to the meanest and most miserable.

Many of the jewels are of a most gorgeous character, the settings being peculiarly oriental. A pair of gold earrings, set with diamonds and rubies, were among the ornaments worn by Fatima, the favorite of the deposed monarch. These were also a superb diadem, composed of pure diamonds, surmounted by the crescent of Islam. One emerald was two inches square. The crown was set with six diamonds of extraordinary size. Many more of the jewels were on display.

The jewels to be sold weigh altogether about 200 pounds.

## BACKS SMITH UNANIMOUSLY.

Standard Republican Club—Indorses Him.

Entire Party Ticket Gets Its Support.

Candidate for Mayor Is Heartily Greeted.

George A. Smith and the entire Republican municipal ticket, were inducted at a rousing meeting of the Standard Republican Club last night in Concordia Hall.

The following resolutions were unanimously adopted: "Whereas, the city of Los Angeles has suffered during the last eight months under the mismanagement of a narrow and illiberal administration of city affairs, and whereas, in our opinion such conditions are not only injurious to the greater majority of the people, but are also a stumbling block in the path of the progress, therefore be it resolved, by the Standard Republican Club that the welfare and prosperity of this city render necessary at this time a change in the city administration.

"Resolved, that the Standard Republican Club hereby indorses and recommends the election of George A. Smith as Mayor of Los Angeles, together with the entire Republican ticket, and that each member of this club be urged to help the Republican City Central Committee poll a record-breaking vote on December 7 in favor of the Republican candidates."

Though Mr. Smith arrived late, having attended two other large gatherings last night, he was greeted with applause. He told his hearers that he expects to be elected on Tuesday, and promised to make a fair and square administration.

"The die is cast," said the Republican candidate, "and only remains for you to go to the polls on Tuesday and cast your ballots. I am confident that I shall be elected, and I expect to have a fair and square administration."

The speaker outlined the work he had done while in the Council as chairman of the Financial Committee. Taxes, he said, had been lowered. The city had been run on a business basis, and the salaries of city officials had been raised. There was always a surplus in the treasury, Mr. Smith said.

In closing he asked his hearers to investigate his record. He was followed by City Attorney Henry Lyon.

When introduced by the chairman, Councilman Lyon made a brief address. He was received with enthusiasm and spoke words of praise and commendation for Mr. Smith, with whom he has labored.

Remembering the importance of this fight," said Fred Sprague, another of the speakers. "If you want this city to progress and to be a Goo-Goo gang get control. If you want to see blue laws enacted vote for George Alexander. If you want the city to be a city of progress, vote for George A. Smith on Tuesday."

The Standard Republican Club is composed of a number of young business men of this city, who are taking a keen interest in the present campaign. David Lichtenstein was the chairman last night. The club decided to mail a copy of the resolutions to every member not present.

BRIGHT'S DISEASE. Late estimates on the percentage of recoveries under the new emollient treatment for Bright's Disease are as follows:

Where patient is much weakened and crises may be expected in from five to ten days, probably not more than 10 per cent to 20 per cent recover. Where physicians deal with efforts to restrain diet and symptoms, the percentage is increased. In cases where patients have from thirty to sixty days of life the efficiency is very high.

Where patients do not wait until bedridden probably three-fourths yield. And in cases that take the new emollient treatment on the appearance of the disease, the percentage of recovery is 100 per cent.

Where patients do not wait until bedridden probably three-fourths yield. And in cases that take the new emollient treatment on the appearance of the disease, the percentage of recovery is 100 per cent.

## LEBANON PA. DEC. 5.—[Exclusive Dispatch.]

Lebanon is promised an interesting trial in the term of Common Pleas court, which begins tomorrow, when the divorce suit of Col. Lincoln Karmany, United States Marine Corps, will be heard.

Admiral Robley D. Evans is expected to come here to testify in behalf of Col. Karmany, who charges that Evans was involved in a scandalous affair with a woman.

The case is the first on the list for the term and Mrs. Karmany, who is a daughter of Judge Joseph F. Patton of Lebanon, has elected that her husband's charges. It is expected that three days will be required to try the case.

CALIFORNIAN CHOSEN. (ASSOCIATED PRESS NIGHT REPORT.) BUDAPEST, Dec. 5.—The medical faculty of Budapest University has offered the chair of experimental biology to Prof. Jacques Loeb of the University of California. Prof. Loeb lectured before the Hungarian Medical Congress at Budapest last September and delivered a course of lectures at Budapest University in June.

# Pianos Victor

**\$100 to \$200 Less**  
We are selling pianos and player pianos at prices ranging from \$100 to \$200 below any other store in the Southwest. Come and learn how we do it. Our "Low-one-price-big-volume" system returns to us a smaller profit on each piano and gives a larger cash saving to each individual buyer than any other piano-selling method before devised.

We sell pianos, quality considered, at lower prices than can be obtained from any source outside our building. The reason we can afford to do this is that we sell ten pianos where the ordinary dealer sells but one or two.

Our piano and player piano business aggregates 1500 instruments per year. In the nine months just past we sold over 1000.

Taking this as the basis of our business, we figure a profit of only \$20 on each instrument, which nets us \$30,000 clear. In order to stay in business the ordinary dealer must make from \$100 to \$200 on each instrument he sells.

It is an easy matter for you to come to the store and prove us. Every piano is marked in plain figures, affording every means for the most rigid investigation.

We invite you to come. We want you to know the whole truth about our "Low-one-price-big-volume" system of selling pianos.

Unless our prices were absolutely lowest, we could not command the enormous volume of business that we do.

We want every prospective piano buyer to give us an opportunity to prove our claims. We make the easiest terms.

**JEVNE'S**  
"Where prices are lowest for safe quality"  
Gifts to Eastern Friends  
Should Be Expressed This Week

To reach their destination in time to assure delivery for Christmas, express shipments to the East should be made this week. If you have not yet decided as to what you are going to send East, get your suggestions from Jevne's. There is no gift that could be more appreciable to Eastern friends than a box of California canned fruits—or dried fruits—or crystallized fruits—or preserves—or California walnuts—or almonds—or La Crescenta or other California wines.

And, giving such a gift from Jevne's, you know the quality will be of the highest order and truly represent California's best. We are prepared to put up assorted boxes—in tempting holiday style—and to pack them securely for safe expressing.

**ALLEGED "BUG" MAY TANGLE THE BALLOT ON ORDINANCES.**  
WHAT is declared to be a fatal defect in relation to the publication of the ordinances and other propositions that are to be voted on at the election of November 22, is the fact that the City Clerk has been discovered by a number of lawyers, who say that the vote on these questions will be invalidated.

The city charter provides for the printing of the complete ordinances, a summary of which appears on the ballot, and for the mailing of complete copies at least ten days before the election, together with the sample ballots.

On November 22 the Council made the order, directing the printing, and the ordinances were published on the 1st inst. In view of this order, no copies were mailed with the sample ballots.

It is contended by legal lights that the printing should have been done at least ten days before the election, just as would have been done had it been decided to mail the information.

Because the ordinances and other propositions were not printed in the official newspaper at least ten days before election, but, instead, were printed only six days before election, it is asserted that the vote on each and all of the questions will be void.

There are six ordinances or propositions, as follows: For the granting of a franchise to the Los Angeles Railway Company on San Pedro street and South Park avenue; fixing the rates to be charged for telephone service; providing for the creation of a department of public utilities; against the playing of certain games and the betting on such games; for the sale of the City Hall property; for the sale of the City Jail and Police Station property.

Deputy City Clerk Brinn yesterday that the instructions of the City Attorney were followed in the matter of publishing the ordinances as ordered by the Council. The City Attorney is out of the city, and his opinion on the situation is not to be had. It is the belief of some of his deputies, however, that the publication complies with the provisions of the charter, and that the vote on these matters will not be affected.

There is a possibility, though, that after the election, the matter may be tested in the courts, whichever way the vote may go.

**CAMPAIGN WIND-UP.**  
REPUBLICAN MEETINGS TONIGHT  
Several Republican meetings will be held tonight in different parts of the city—the last of the campaign.

At Buck's Hall, No. 670 1/2 Vermont avenue, George A. Smith and other candidates will appear, and the list of speakers includes Herbert White, formerly of the Musket organization; W. T. Helm and R. W. Richardson.

Isidore Dockweiler and M. J. McGovern, prominent Democrats, will speak for the Republican candidates at a meeting at Polk's Hall, Washington and Hoover streets. Other speakers

include the Socialist who ran Uncle Aleck a close race at the recall election, and who, as one of the seventy-seven candidates for City Council, came within a few votes of landing in the list of eighteen at the primaries, has issued a letter denying published statements to the effect that he is supporting Alexander in this campaign.

"While I am strongly in favor of the direct primary and have worked to that end," says Wheeler, "the present misfit was foisted upon the people by misrepresentation, and since that time scores of voters have told me that they were misled by the papers now supporting Alexander. In fact, I wrote two courteous articles for publication showing up the defects of the pending charter amendments, but these champions of Good Government refused to publish the same or to allow the other side to appear in their columns."

"For twenty years I have been active in the fight for a genuine 'Good Government,' but I consider the present movement a retrograde one."

Scores of precinct committeemen called at Republican headquarters yesterday and received their supplies of ballots and instructions for use at tomorrow's election. They were given advice by Chairman Casselman and other party leaders, and every instance the workers reported a bright outlook for success of the ticket. There will be a great rush at headquarters today and tonight, when everything will be put in shape for the opening of the polls tomorrow morning.

A few changes in polling places have been made by the City Clerk, but the list for tomorrow's election will remain practically the same as for the primary last month. Where a change has been made, it has resulted in moving the polling place, but a short distance, and it is said the voters will have no difficulty in locating the places at which they are to cast their ballots.

With the exception of the officers who served at the primary election will be on duty tomorrow.

**THE WATCHMAN.**  
TRAIN WHEELS CRUSH FACE.  
Needless Act of Mexican Will Probably Cost Him His Life—Mangled on Track.

Arguero Hustey, a Mexican, was fatally injured yesterday morning beneath the wheels of a Southern Pacific freight train at North Junction. Hustey attempted to cross the track in front of the rapidly-approaching engine, but he was caught and dragged beneath the wheels. His left arm was crushed. The wheels passed over the right side of his face literally tearing a part of the face away and crushing the jaw. The injured man was moved to the County Hospital, but there is no hope for saving his life.

**QUEER.**  
FRED C. WHEELER, the Socialist who ran Uncle Aleck a close race at the recall election, and who, as one of the seventy-seven candidates for City Council, came within a few votes of landing in the list of eighteen at the primaries, has issued a letter denying published statements to the effect that he is supporting Alexander in this campaign.

"While I am strongly in favor of the direct primary and have worked to that end," says Wheeler, "the present misfit was foisted upon the people by misrepresentation, and since that time scores of voters have told me that they were misled by the papers now supporting Alexander. In fact, I wrote two courteous articles for publication showing up the defects of the pending charter amendments, but these champions of Good Government refused to publish the same or to allow the other side to appear in their columns."

It is in time of sudden mishap or accident that Chamberlain's Liniment can be relied upon to take the place of the family doctor, who cannot always be found at the moment. That it is that Chamberlain's Liniment is never found wanting. In cases of sprains, cuts, wounds and bruises Chamberlain's Liniment takes out the soreness and drives away the pain.

(Adv.)

The coming Midwinter Number of The Times will be more lavishly and beautifully illustrated with attractive pictures of the Southwest than it has ever been. It is possible to make any of its predecessors. All the folks in the old home will be delighted to get it.

**THE POLITICAL**  
**WATCHTOWER**  
As we get so  
near to election  
day there are all  
kinds of prognos-  
tics as to the  
final result.  
Naturally most  
eyes are glued  
upon the head of  
the ticket as con-  
sidered to be the most  
important point  
in the battle and as  
likely to influence  
all below it.

The man in the watch-tower met a politician who has had years of experience in city affairs and has taken an active part in the politics of Los Angeles. The way he sums up the matter in cold-blooded analysis is interesting. Here it is:

It all depends upon the size of the vote. Why? Because as I see it the Goo-Goo have already about shot all their bolts and spent all the arrows in their quiver. The vote for Alexander last May was about 12,000 and the vote for Alexander in the primary election was practically the same number. Therefore it seems to me that the Alexander vote

ACROSS COUNTRY. EL PASO-ANGEL CITY AUTO RUN.

Cadillac Pathfinder Starts on New Year's Day.

Motorists of This City Take Keen Interest in Plan.

Two Score or More Cars to Enter Big Event.

An endurance run from El Paso to Los Angeles is being planned by motorists of that city. On January 1 a Cadillac Pathfinder is to be started from there on a pathfinder. It is to be driven by Fred Mendell, a racing driver of Savannah, Ga. He is to be accompanied by an expert mechanic.

O. A. Perry of Chicago is to act as official starter. He will record several scores of automobile owners, and there is a possibility that the entry list will exceed twenty cars. The tour is to be held early in the spring, and will take the route through Arizona and over the same route as that traversed by the desert cars in the Los Angeles-Phoenix road race.

The journey from El Paso to Los Angeles has never been made by an automobile. Motor cars that have driven from this city have made San Francisco their objective in order to avoid the desert and that portion of Death Valley which must be crossed by the shorter route.

It is the intention of those planning the endurance run to choose an entirely different course. The desert is to be crossed many miles to the south of the present cross-country route. It is believed a far better course can be found in this way.

Charles Sturges of El Paso has made the run from El Paso to Phoenix. The road from Phoenix to Los Angeles is well marked now, and is known to many motorists. The last stage of the run would be the most difficult. Sturges says the roads in Texas and near Phoenix are in excellent condition.

There are a large number of El Paso motorists in the habit of spending their summers in Los Angeles. These have been induced to enter cars in the endurance run across the country. The machines can then be used for touring in the southland.

Local conditions for several hundred miles out of El Paso are so good that motor cars could average 150 miles a day over this portion of the route, according to Sturges. The schedule, however, would be made to conform to the cars entered, and it is possible that the controls would be slower than a 150-mile stretch for each day's run.

With twenty or more cars entered in the contest, the tour might be made without great inconvenience. The cars would travel by easy roads and the entire route would be carefully mapped before the start. Entrants could ship cars back to El Paso or return overland after spending whatever time was desired in Los Angeles.

Motorists of Los Angeles are greatly interested in the plan for the El Paso-Los Angeles endurance run. The cars are to be given a great reception when they arrive and it is almost certain that a large escort of machines will pilot the El Paso autos into this city.

Mendell and the Cadillac pathfinder should reach here the latter part of January, as it will take at least four weeks to map out the route. The local Cadillac agent, may decide to send a car part way over the route to meet Mendell.

**SUNDAY HORSE RACING.** Old Nag Airs Surprises in Sports in Mexican Town, Winning by Five Lengths.

ASSOCIATED PRESS NIGHT REPORT.—JUAZUEZ (Mexico), Dec. 5.—A big Sunday crowd saw the racing at Juarez today. Airs was the medium of a heavy "plunge" and her victory was a surprise to the bookmakers. At no stage of the six furlong journey was the race in doubt, the mare winning by five lengths pulled up.

J. H. Houghton won the Dos Republicas stakes from a good field. There will be no races on Monday. Summary:

Five and one-half furlongs: Delf, 1st (Rice), won; Rustum, 1st (Creery), second; The Wolf, 1st (Warren), third; time, 1:11 1/2. Ed Kock, Kidley, Los Pickpocket, Alva B. also ran.

Six furlongs: Force, 1st (Pickens), won; Ethelred, 1st (Fisher), second; Star Thistle, 1st (Garner), third; time, 1:13 1/2. Tony Faust, George Young, Sun Line, Joe Erick also ran.

Selling one mile: Bonnie Prince, 1st (Small), won; The Thorn, 1st (Kennedy), second; 1st (Dr. Dr. Nash and Mollers also ran.

Los Republicas stakes, six furlongs: J. H. Houghton, 1st (Creery), won; Charlie Hargrave, 1st (Creery), second; Jim Brady, 1st (Pickens), third; time, 1:13 1/2. Short Order, Gondola also ran. Jim Brady added starter.

Six furlongs: Airs 1st (Pickens), won; Silver Stocking, 1st (Kennedy), second; Miss Alton, 1st (Warren), third; time, 1:13 1/2. Convent, Lita, Mollie Bohn, Millie Bright and Senile also ran.

Selling one mile: Fred Mulholland, 1st (Small), won; McNally, 1st (Benecooten), second; Lighthouse, 1st (Garner), third; time, 1:14 1/2. Kopek, Wretcher and Annie McGee also ran.

**HANDBALL TOURNEY.** Athletic Club Men Are to Begin This Afternoon on Tournament for Six Teams.

The Los Angeles Athletic Club will start a round-robin handball doubles tournament this afternoon that will continue for several weeks, or until each team has played every other team. There are six teams entered and there will be a game each afternoon. Some good handball should result, as a number of the best players in the club are scheduled to perform.

The teams entered are as follows: Dick Dunne and Ed Strauss, Jack New and Ed Casey, Ed Wilson and J. W. Rountree, Jay Walton and Jack Braden, S. S. Scheppe and Cliff Henderson, F. W. Whit and W. F. Henderson.

**RAIN PREVENTS RACES.** Rain interfered with the motorcycle meet planned for Acacia Park yesterday afternoon. The track is deep in mud and it will be at least two days before any races can be held. The Los Angeles Motorcycle Club, under whose auspices the meet was to have been held, has made no plans for a later date. It is possible the meet will take place a week from Sunday, that is one

RAINY DAY RACING. Many Boys and Men Take Preliminary Spin to Prepare for Marathon Run from Venice.

Seventeen boys and men braved the rain yesterday morning at 9 o'clock to enter a cross-country run in preparation for the Marathon to be run February 22, 1939, from Venice to this city, under the auspices of the Los Angeles Athletic Club. The run yesterday was from Glendale to the Athletic Club building on South Spring street, and the going was so bad that no fast time was attempted and yet each one of the men was anxious to win as a matter of course.

The winner proved to be Tom Mitchell, a new member of the Los Angeles Athletic Club, who has a good rep in the East as a boy Marathon runner. The next eight men at the finish were as follows: Wigwag, Oklahoma; G. McLean, F. Blanchard, G. Bergott, L.A.Y.M.C.A.; Morris Snyder and A. Wessendanger, unattached; D. Raphael, L.A.Y.M.C.A.; W. Toldin, Tokio Athletic Club. It is the intention to have a practice run every Sunday morning.

**TARGETS.** FAIR SCORES ON INDOOR RANGE.

LOCAL REVOLVER EXPERTS IN NATIONAL CONTESTS.

Los Angeles Pistol Club Holds First Shoot of United States Association Schedule in New Olive Street Gallery—Douglas and Smith Make the Best Marks.

Nasty, wet weather drove the pistol experts from the outdoor sllopp-shoot range yesterday to the indoor shooting gallery on South Olive street, where a handful of the faithful gunners registered some fairly good scores in practice work.

Twenty-two revolver scores were: W. E. Smith, 85, 90, 95; A. B. Douglas, 82, 85, 88; J. W. Siefert, 78, 82, 85; Peterson, 81, 72, 84. Twenty-yard pistol scores were: R. J. Fraser, 85, 88, 85, 88, 81, 87, 90, 94, 85, 87, 82, 88, 84; A. B. Douglas, 82, 78, 85.

Midweek practice scores were: Twenty-yard, revolver, W. E. Smith, 83, 86; J. W. Siefert, 80, 87, 88, 85. Twenty-yard pistol, H. D. Thaxter, 81, 84, 80, 80, 85; R. J. Fraser, 84, 85, 84, 81, 84, 85; J. E. Holcomb, 83, 78, 83; Carl Schroeder, 83.

The Los Angeles Revolver Club has had its initial shoot of the winter schedule, of the United States Association, in which fourteen of the leading small-arm clubs of the country are members. The local club shot its first match in the series with the Portland Revolver Club and made a fair showing, being handicapped largely through inexperience on the new gallery. The scores were:

A. B. Douglas, 41 48 42 46 43 33; W. E. Smith, 48 45 42 44 41 33; R. J. Fraser, 38 39 38 42 38 28; J. E. Holcomb, 38 41 39 44 37 28; Carl Schroeder, 37 41 37 40 36 27.

Team total, 209. The league schedule of the Los Angeles Club is:

Dec. 2.—Los Angeles and Portland Revolver Club.

Dec. 9.—L. A. and Philadelphia Rifle Association.

Dec. 16.—L. A. and Newark Rifle and Revolver Club.

Dec. 23.—L. A. and San Francisco Revolver Club.

Dec. 30.—L. A. and Smith & Weston Club, Springfield, Mass.

Jan. 6.—L. A. and St. Louis Revolver Club.

Jan. 13.—L. A. and Providence Revolver Club.

Jan. 20.—L. A. and Miles Standish Club, Portland, Me.

Jan. 27.—L. A. and National Capital Club, Washington.

Feb. 3.—L. A. and Belleville Revolver Club.

Feb. 10.—L. A. and Boston Revolver Club.

Feb. 17.—L. A. and Chicago Revolver Club.

March 2.—L. A. and Manhattan Rifle and Revolver Association, New York.

**INDOOR BASEBALL.** Employees of Los Angeles Pacific Company Play Good Contest Before Large Crowd.

The boys in the accounting department of the Los Angeles-Pacific Company defeated the shop men at indoor baseball Saturday evening in the Del Rey Auditorium by a score of 19 to 12. The game was witnessed by a large number of persons and was comparatively free from errors, considering the very smooth floor of the building.

The line-up was as follows: Shop Men. Wilson, catcher; Stender, pitcher; R. Beck, first base; A. Tyler, second base; Roberts, third base; Freeman, left field; Beck, right field; Sakin, right field; F. Tyler, right field; Norton, right field; Gunn.

**LODGE OF BORROW.** SAN DIEGO, Dec. 5.—[Exclusive Dispatch.] The local Elks held the usual lodge meeting today. The evening delivered by Eugene Daney. An address was made by F. S. Jennings. Five members died during the past week.

**CHAMPS MAY COME WEST.** Drayfus of Pirates Resolves a Tempting Offer to Train His Team on Coast.

[BY DIRECT WIRE TO THIS TIMES.] PITTSBURGH, Dec. 5.—[Exclusive Dispatch.] The Pittsburgh champions will probably not train at Hot Springs this coming spring, but instead will go to San Francisco and play their spring practice games on the Coast.

SOME PUNCHING. TTY COBB IS BEST BATSMAN. ALSO EXCELS IN BASE STEALING IN AMERICAN LEAGUE.

Hit Ball With More Success Than Ever Before and Rapped Out Seven Home Runs—Collins of Philadelphia Team Is Second in Swats and Stolen Bases.

[ASSOCIATED PRESS NIGHT REPORT.] CHICAGO, Dec. 5.—Ty Cobb of Detroit was again the best batter in the American League, according to the official averages issued by President B. B. Johnston today.

The hard hitting outfielder of the champions batted better than ever and ended the season with 277 Cobb played in 156 games and made 218 hits. Not only was Cobb the leading hitter, but he outclassed all the others in base stealing, with 75 thefts to his credit. Cobb and Tris Speaker of Boston tied for the honors in hitting home runs, with seven each.

Eddie Collins of Philadelphia finished second both in hitting and stealing. Collins played in 153 games, and made 188 hits for a mark of .346, and stole 67 bases. Lapp of Philadelphia, Gardner of New York finished third and fourth in the batting, but played in only 22 and 22 games, respectively.

Napoleon Jajoie, of Cleveland landed fifth, with 334 for 128 games, and Sam Crawford of Detroit was next with 314 for 156 games. Lord and Speaker of Boston and Baker, of Philadelphia, managed to bat more than 300, making nine men above that coveted mark.

Owen Bush of Detroit was the best sacrifice hitter, with fifty-two successful efforts.

The Detroit champions led in team hitting, with an average of .267, and Boston was second, with .260.

**PICATO GETS BUSY.** Frank Picato put in a busy day yesterday in spite of the rain, using the East Side Athletic Club gym for his work. He boxed four rounds with Harry Roman, three with Charlie Picato, two with Kid Snyder and two with Charlie Mink. Picato was much under the weight at which he started to train last week and he does not anticipate any trouble in getting down to the lightweight limit by a week from tomorrow evening when he hooks up with Ad Wolgast at McCarey's pavilion for what is to be one of the most important fights of Picato's career.

Wolgast and Jones are rustifying for a few days in the northern country and will return tomorrow to get into active training for the contest. Wolgast is to meet Picato at 123 pounds at 6 o'clock, which will be the last time, according to Jones, that the Milwaukee kid will take on a lightweight except at ring-side weight.

Kil Cleveland and Frankie Conley started their training yesterday for their ten-round go, which will be the semi-final of the Wolgast-Picato contest. The backers of the latter have agreed to put up \$1000 each today which will be a side bet, the money to go on a knockout.

The backers of the latter have agreed to put up \$1000 each today which will be a side bet, the money to go on a knockout.

Danny Webster has agreed to meet him for the bantam title at McCarey's pavilion, of course. Danny is successful against Monte Attell, whom he is to meet in San Francisco this month.

Jimmy Austin, who has been in San Francisco for the past three weeks, is anxious to come back to Los Angeles and has written the Pacific Athletic, asking that he be put on in the near future.

Harry Roman, a newcomer, has been working with Frank Picato at East Side and has shown considerable aptitude with the gloves. His weight is about 140 pounds and he will be given a chance in ring action.

Marty Kane has gone north to take part in a contest tomorrow, but he will return to Los Angeles immediately after for another match at McCarey's.

Billy Cappelle refused to answer Curly O'Connell to come into the ring at 123 pounds and a match which the Pacific Athletic Club was trying to arrange fell through.

O'Connell is anxious to get back in the game again and he will be seen soon at McCarey's.

**TAKE ALLEGED THIEF.** Man Arrested in Sparks, Nev., Thought to Have Operated in Los Angeles and Elsewhere.

In Sparks, Nev., the police yesterday arrested an alleged swindler who is said to have operated in Reno, Stockton, San Francisco, Monterey and Los Angeles. The man, who is recorded as "C. G. Davis," is accused of having stolen a horse and buggy in Reno Saturday. After driving to Sparks and putting the outfit at a stable there, he is said to have begun by borrowing \$2 from the proprietor, with the horse and buggy as collateral, on the excuse that he had money coming next day.

Yesterday he attempted to sell the horse and buggy in Sparks. He also intended to check on a bank in Oroville, this state. Then he bought a suit of clothes.

The man is thought to be a traveling man. He is well educated and of good appearance. The police at Reno have wired the authorities of California cities.

**SUFFERS FOR HIS CRIME.** Man Arrested Here and Sentenced in Denver Regrets Misery Caused Loved Ones.

"The English language does not contain words strong enough to express the sorrow and misery I have caused my friends and loved ones. If I could take all of the burden on myself and suffer for my crime, it would not be so hard. I am guilty. No one realizes as well as I do the enormity of the offense I have committed. I am going to bear the burden the best I know how."

With these words, Charles W. Dakin, who took \$400 worth of gold from the Denver mint, made an appeal to Federal Judge Robert Lewis in the Denver District Court for leniency last night. I have committed a crime, I am going to bear the burden the best I know how."

Dakin was arrested in this city August 16 last.

**Work Waiting For.** The Minister Number of The Times, to be issued on January 1st, will contain most comprehensive report about this year's crop, including illustrations. In its mass of six color photographs, with scores of smaller ones, it will be a valuable source of information for students.

The Times will be a valuable source of information for students.

The Times will be a valuable source of information for students.

The Times will be a valuable source of information for students.

To the Automobile Buying Public.

What is a LICENSED AUTOMOBILE DEALER?

The recent decision in the Selden patent case broadly defines patent, which involves the basic principle under which automobiles are built.

THIS DECISION IS SO COMPREHENSIVE that anti-Selden manufacturers have, through best legal advice, realized the validity of the Selden patent by joining the Association of Licensed Automobile Dealers, and paying all back royalties on all cars which they have manufactured, FOR THE PROTECTION OF THEIR DEALERS.

THE ASSOCIATION OF LICENSED AUTOMOBILE DEALERS own hundreds of the most vital patents, maintaining the industry for the testing of materials, and is responsible for the construction of automobiles.

A LICENSED CAR MEANS A STANDARDIZED AUTOMOBILE by the strongest factories, whose permanency is unquestioned. It is a valuable asset. When you buy a licensed car, you are buying a car with the best materials, workmanship and brains, and you are also buying the possibility of legal entanglements, and the hazard of the makers of which are out of business and parts for which are not available.

To this end the Licensed Motor Car Dealers' Association has been organized. It consists of those firms handling licensed cars, and the National Licensed Association has worked to raise the standards of the manufacturing end, so as to raise the standards of the local situation.

We are pleased to announce that the "Licensed Car" licensed dealers of Los Angeles are as follows:

Apperson Leon T. Shettler,

Baker Electrics STODDARD DAYTON CO.

Buick Howard Auto Company

Cadillac Lee Motor Car Company

Cartercar Woolwine Motor Car Company
